

VENUS Safety & Health Pvt. Ltd. is a global quality manufacturer of Neck-up Personal Protective Equipments (PPE). VENUS has grown manifold in volume and revenues since its inception in year 1986. A continuous urge to improve the performance of existing products & development of new products is a driving force for its experienced team of professionals. This combination has helped the company stay ahead in this competitive industry.

The certified facilities produce and supply products conforming to:

American Standards 42 CFR Part 84

European Standards EN 149 EN 140 EN 143 EN 14387

Indian Standards IS 9473 IS 14746 IS 14166 IS 15323

IS 10245(II) IS 10245(III) IS 2925 IS 9167

IS 5983 IS 15322 IS 16289

StayCool Butterfly Vent Valve

Effectively removes CO₂ & heat build-up

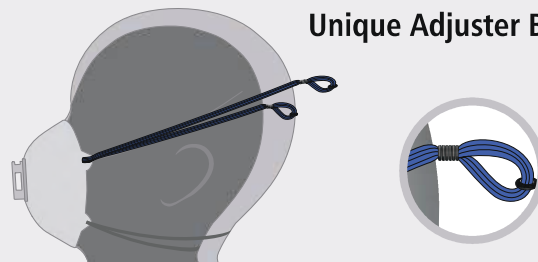

Promotes easy communication

Provides breathing comfort

Unique Adjuster Beads

- Gives customized fitting option based in size of the user's head and preference of positions
- Provides optimum comfort, Fit Tight, Fit Right,

Drop down headband
Can be dropped down hanging when not in use

Anti Clogging (D)
Having passed dolomite test, they resist clogging even in very high dust environments.

Activated Carbon Layer
For absorption of Nuisance level of obnoxious odour and vapour

Transparent Valve

Transparent valve clearly demonstrates the performance of valve
It also supports fit verification

Composite multilayer media

Prefilter coarse dust

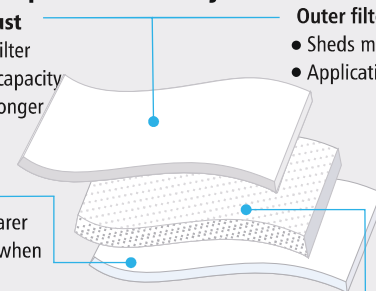

- Does not clog the filter
- High dust holding capacity
- Can be used over longer period of time

Outer filter media

- Sheds minimum lint
- Application friendly

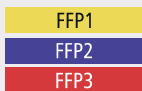

Soft Inner layer

- Comfort to the wearer
- Skin friendly even when perspiring

Superior technology Micro fine filter media

- Protects from respirable suspended particulate matter
- Composite of multiple layers pre-filter, fine filter and skin comfort layer

Colour coded
• Headband identification of appropriate level of FFR worn

Twist N Click

- One twist click & fit Reuseable filters.

Beetle Style

- Three panel design from single media. Soft side panels for skin comfort & rigid center panel of large surface area to stay away from nose & mouth.

VENUS V-420 SL FFP2 NR D CE approved flat fold style disposable respirator. Textile elastic headbands does not deform with repeat wears in hot environment. A unique adjuster bead provides optimum fitting to avoid leakage. 30 PCS/PACK | 10 PACK/CTN | COLOUR: WHITE

15 PCS/PACK

Suggested Industries & Application

Asbestos Industries, Fibre glass Industry, Pharmaceutical, Engg., Chemical, Automobile Battery, Brazing & Working with Molten Metals, Cement, Ceramics, Coal Industries, Construction, Distillation & Breweries, Drilling, Dyes & Dyestuffs, Ferrous & Non-ferrous Metallurgical industries, Fertilizer, Foundries, Glass Etching, Grinding, Leather Tanning, Paper processing, Paint & Pigments, Power generation, Petrochemicals, Printing, Sand blasting, Sanding, Soldering, Textile, Tyre, Tobacco processing etc.

VENUS V-430 SLV FFP3 NR D CE approved flat fold style disposable respirator with Butterfly fly exhalation vent valve for more breathing comfort in hot & humid conditions. Sewn Textile elastic headbands does not deform with repeat wears in hot environment. A unique adjuster bead provides optimum fitting to avoid leakage. Full foam seal improves fitting.

15 PCS/PACK

Suggested Industries & Application

Virus & Bacteria, Brazing & Working with Molten Metals, Drilling, Dyes & Dyestuffs, Sand blasting, Battery, Avian flu, Ferrous Non-ferrous Metallurgical industries, Petrochemicals, Soldering, Brazing & Working with Molten Metals, Pharmaceutical, Fertilizer, Foundries, Tyre

VENUS V-425 SLOV-V FFP2 NR D CE approved flat fold style respirator with, Activated Carbon to protect from nuisance level of odor, welding application & Flame Retardant outer layer. Transparent Butterfly fly exhalation vent valve for more breathing comfort in hot & humid conditions. Sewn Textile elastic headbands does not deform with repeat wears in hot environment. A unique adjuster bead provides optimum fitting to avoid leakage. Application: Welding

15 PCS/PACK

Suggested Industries & Application

Welding Application, Battery, Brazing & Working, with Molten Metals, Dyes & Dyestuffs, Ferrous & Non-ferrous Metallurgical industries Fertilizer, Foundries Grinding, Leather Tanning, Paper, processing, Paint & Pigments, Power generation, Petrochemicals, Printing, Sand blasting, Sanding, Soldering, Tyre, Tobacco processing etc.

VENUS V-414 FFP 2 NR D SLOV-V CE approved flat fold style disposable respirator with Activated Carbon to protect from nuisance level of odor. Transparent Butterfly fly exhalation vent valve for more breathing comfort in hot & humid conditions. Sewn Textile elastic headbands does not deform with repeat wears in hot environment. A unique adjuster bead provides optimum fitting to avoid leakage. Application: Chemical handling/Painting

15 PCS/PACK

Suggested Industries & Application

Paint & Pigments, Construction, Dyes & Dyestuffs, Foundries, Power generation, Sand blasting, Textile, Battery, Ferrous & Non-ferrous, Metallurgical industries, Leather Tanning, Petrochemicals, Sanding, Tyre Brazing & Working with Molten Metals, Fertilizer, Paper processing, Printing, Soldering, Tobacco processing

VENUS V-230 SLV FFP3 NR D CE approved convex style disposable respirator with Butterfly fly exhalation vent valve for more breathing comfort in hot & humid conditions. Welded Textile elastic headbands does not deform with repeat wears in hot environment. Front Adjuster broad cotton elastic gives fit and relieves strap pressure. Full foam seal improves fitting.

5 PCS/PACK

Suggested Industries & Application

Paint & Pigments, Construction, Dyes & Dyestuffs, Foundries, Power generation, Sand blasting, Textile, Battery, Ferrous & Non-ferrous, Metallurgical industries, Leather Tanning, Petrochemicals, Sanding, Tyre Brazing & Working with Molten Metals, Fertilizer, Paper processing, Printing, Soldering, Tobacco processing

VENUS V-4410 SL FOLD FLAT STYLE RESPIRATOR V-4410 SL FFP1NR D respirator is a fold flat style design (user friendly for storage) light in weight with large surface area provides protection against fine dust particles. VENUS V-4410 offers its users a unique combination of safety & comfort.

50 PCS/PACK

Suggested Industries & Application

Construction, Grinding, Sanding, Paper industries, Sweeping, Bagging, Storm clean-up, Wooden industries, Textile, General maintenance, etc.

VENUS CN95+ (N95) NIOSH approved convex style disposable respirator, with Stapled rubber headbands. Protection against solid dust and non-oil based liquid mist.

20 PCS/PACK

Suggested Industries & Application

Pesticides & Insecticide spraying, Lead handling, Acid handling, Laboratory, Coating, Bonding, Handling, Solvent Handling, Maintenance Department, Bulk Drugs, Material Handling

VENUS CVN95+ (N95) NIOSH approved convex style disposable respirator, butterfly exhalation vent valve for more breathing comfort in hot & humid conditions. Protection against solid dust and non-oil based liquid mist.

20 PCS/PACK

Suggested Industries & Application

Pesticides, Insecticides, Grain dust, Crushing, Bagging, Cement handling, Sanding, Drilling, Cutting, Mixing, Drilling, Material handling, Bulk drugs, Material handling

HALF FACE MASK DUAL FILTER VENUS V-800

CE 1121
EN 140:1998
Half Face Mask

Light weight body
 • Made from soft thermoplastic elastomer, skin friendly
 • Low maintenance
 • Minimum hindrance in working

Exhalation vent valve
 Allows efficient escape of CO₂ and exhaled air for wearer comfort

Threaded cartridge
 Easy to fit and replace

Size options
 Available in small, medium and large sizes to facilitate most face profile

Latex-free elastic
 Braided textile elastic is skin friendly and lasts longer without deforming in high temperature

4 point Adjustable elastic band
 • Distributes weight evenly
 • Provides head support and good fit

Packing
 Re-sealable bag makes it easy to store and re-use without compromising on hygiene and also avoiding wear and tear

Compatibility
 Compatible with most other PFFs

Suggested Industries & Application

Battery	Petrochemicals
Chemical	Agrochemical
Cold Storage	Paints
Engineering	Pharmaceuticals
Foundries	Ships
Mining	Sewage
Automobile	

PRODUCT CODE

Item #	Colour	Size
55051	BLUE	SMALL
55039	GREY	MEDIUM
55052	BLACK	LARGE

V-7800 REPLACEABLE FILTERS

FULL FACE MASK DUAL FILTER V-668

ISI 14138
 IS1 Approved

6-Strap Head Harness
 • Facilitates even distribution of weight and gives head support
 • Good skin comfort in tough conditions
 • Provides leak-proof fit

Option of TPE & Textile harness

Neck straps
 Adjustable for better handling
Zero power hard coated visor
 • PC lens impact resistant for face protection
 • High clarity, durability and double anti-fog

Inner face piece silicone
 Prevents fogging on visor

Option to use twin filters
 Special Venus threads for superior ergonomic fit

Speech diaphragm
 For easy and audible communication
Standard Thread
 RD40 Thread for connection to any standard thread, gas filter as per IS 14138 (Part 1): 1994

Adjustable Penta Belt
 • Gives Head support and even distribution of weight
 • Good skin comfort in tough conditions
 • Provides leakproof fit

Produced from TPE
 • Easy to use
 • Low maintenance

Inner face piece
 Prevents fogging on visor
 Compatible with Venus RF-V7700 / RF-V7800 Filters for class 2 & class 1

Silicone exhalation valve
 Efficient ventilation system with easy maintenance

Suggested Industries & Application

Battery	Petrochemicals
Chemical	Agrochemical
Cold Storage	Paints
Engineering	Pharmaceuticals
Foundries	Ships
Mining	Sewage
Automobile
